THE FOLLOWING REGULATIONS APPLY TO ALL FENCE INSTALLATION:

FENCES - Shall not exceed 6 feet in height in rear yards, with a maximum height of 4 feet in front yards. Fences in front yards must be designed to be open and ornamental. The finished side of the fence must be oriented to your neighbor. There is no setback requirement from property lines. Corner lots may require additional setbacks to maintain visibility at intersections. A professional surveyor should be contracted if you do not know where your property pins or monuments are located for your property. The property lines must be clearly visible or surveyed as a condition of the permit.

PLEASE SHOW FENCE LAYOUT IN REFERENCE TO PROPERTY BOUNDRIES ON REVERSE SIDE.
